

# Wheel Encoder

*Electronic Control  
Equipment for Industry*

## Features:

- ◆ 60 mm diameter urethane covered wheel
- ◆ 1 output pulse per 10mm ground travel
- ◆ LED output indication
- ◆ Rubber sealed bearings
- ◆ IP67 protected sensor electronics
- ◆ Mounting by rubber isolated torque arm
- ◆ 10 to 40V DC Supply at 8mA
- ◆ Reverse polarity plus 60V spike protection
- ◆ UV and solvent resistant connection cable
